## LEADERSHIP

Principal : Anna Copping

Dear Parents and Friends,

We are half way through the school year!

On Friday, educators attended “Making Learning Visible” professional development. This provided an opportunity to deepen our understanding of learning intentions, success criteria and goal setting so that we can further develop learner agency. Our goal is for students to be able to answer these questions with clarity.

Mae update – Mae continues to complete her training. Every morning she meets a range of students on the oval to play ball, comes to the office to say good morning and then completes her rounds of the classes. Mae spends about 45 minutes – 1 hour at school each morning before returning home for a rest

(she is just a pup after all). We have already seen the positive impact Mae is having on our students. We are noticing the children who meet Mae on the oval each morning are starting their day calm and with a positive mindset. She is helping children who are experiencing difficulty transitioning in the morning to transition successfully, and several children have identified Mae in their writing as “a safe person or a friend at school”. We weren’t expecting her to be so impactful so soon but we are thrilled with what we are witnessing. We are currently working with the students to help them understand that Mae is here to support them with their learning and wellbeing, and that they need to be calm and approach her gently when she enters the classroom (she is a bit of a celebrity, the students are keen to engage with her). We

We have explained to the students that Mae is effectively another staff member so we need to treat her as such. Mae is a welcomed addition to our school, we look forward to these experiences continuing.

Next week is the last week of school for the term. Please remember there is an early dismissal on Friday 8<sup>th</sup> July. School will finish at 2:15pm (buses will also depart at this time). I hope the students enjoy a restful break and come back energised to take on term 3.

*Anna Copping*

## SCHOOL INFORMATION: Staff Information

Just a little update on staffing. In a previous life Jess Skeer worked for the Department of Health where she held a permanent position. As she has transferred to the Department for Education from Health, under the Public Sector Act, her permanency also gets transferred. Starting next year Jess will be permanently employed by the Department for Education and placed at Penola Primary School. This is wonderful news for our students and school. Congratulations Jess!
